PLAN OF EDINBURGH

PLAN OF LEITH

Under the Patronage of
SIR EDWARD S. LEES,

SECRETARY TO THE GENERAL POST-OFFICE FOR SCOTLAND

EDINBURGH:

PRINTED BY BALLANTYNE AND CO.

FOR THE LETTER-CARRIERS OF THE GENERAL POST OFFICE.

[Entered at Stationers Hall.]

IN ADDITION to the former arrangement, which contained an alphabetical list of the Nobility, Gentry, Merchants, Traders, and others in Edinburgh, Leith, Newhaven, Wardie, Water of Leith, Bell's Mills, Colt Bridge, Morningside, Canaan, Jock's Lodge, and Restalrig, the Publishers have this year added,

1st. An arrangement of Streets by numbers.

2d. A classification of Professions and Trades within the bounds above specified.

3d. The Nobility, Gentry, Merchants, and Traders, residing within the bounds of the Two-penny Post delivery, viz. With an Appendix containing much useful information ; and they trust, that with the above additions and improvements, their Publication will be found to be the most complete and useful of the kind that has yet been offered to the Public.

JAMES FINDLAY,

Inspector of Letter Carriers.

GENERAL POST OFFICE.

REPRESENTATIONS having been made of the time occupied by the LETTER CARRIERS in the DELIVERY of their LETTERS through the City, the inconvenience has been ascertained to be in a great measure, if not entirely, attributable to the delays experienced by the Carriers at hall doors, owing to servants not answering the bells, and in some cases, by the servants not being provided with money to pay the postage. Instructions have been issued to the Letter Carriers, *to rap or ring at each hall door twice*, pausing an instant. The application of the Carrier, therefore, cannot be mistaken ; and the Public are earnestly requested to aid the Postmaster-General in his Grace's anxiety to expedite the general delivery of the correspondence, by obliging servants to answer immediately the Carrier's application, and to have the servant previously provided with sufficient sums to discharge their demands.

TIDE TABLE.

NOTE.

THE following TIDE TABLE has been computed from data obtained from a series of years' observations, and upon the principles employed by the Marquis De La Place; and as each calculation has been separately examined, the results may be confidently relied upon; certain winds, however, accelerate, while others retard the Tides in a small degree.

The computations are made in *mean time*, or that shown by a properly regulated clock or watch.

EDINBURGH STREET DIRECTORY.

[The Streets, Squares, and Places have been arranged Alphabetically, as also the Closes, Courts, and Lanes, a reference being made to the particular Street and Number where such Close or Court is situated. In consequence of the irregular Numbers in many of the Streets, it may be necessary to say, that the Names are taken from door to door, beginning at the lowest odd number on one side of the street, and returning from the highest even number on the other side; and in Common Stairs, beginning at the first door on each landing place, and going on in regular succession to the top.]

All other places in the West Indies can only be forwarded by private ships, at ship letter rates. Letters for any of the above places, if ordered to be sent by ship, via Liverpool, are taken at half the Packet rates, which must be paid when the letters are put in.

The returns of the packets are calculated thus:—to Jamaica and back, 16 weeks; America, 15 weeks; Leeward Islands, 13 weeks; Malta, 14 weeks; Brazil, 20 weeks; Lisbon, four weeks.
From July to December inclusive, the packet touches at Pernambuco and Bahia, on her outward passage to Rio Janeiro; the other six months on her homeward passage.
In November, December, January, and February, the packets touching at Bermuda, go to New York direct; the other eight months they go and return by Halifax.
Letters for places abroad, to which there are no packets—as China, New South Wales, Sierra Leone, Cape Coast Castle, Goree, Senegal, St Helena, and many parts of South America—are forwarded in sealed Ship Letter Bags, by vessels sailing from London or the Out Ports. Postage from Edinburgh, 1s. 11d.

SHIP LETTERS.—Letters coming from on board any ship are chargeable with an additional rate, for a single letter, of 8d.

Letters conveyed outwards, in sealed bags, are chargeable with half packet postage, which must be paid when put into the office.

EAST INDIES.—Letters to and from, are regularly forwarded by ships.—The postage must be paid here.

The rate outwards is 2d. per package under three ounces; if above that weight, one shilling per ounce.

Newspapers for the East Indies are charged as follows:—under one ounce 1d., under two ounces, 2d., under three, 3d. and so on.

By the Ship Letter Act it is enacted, that every master of a vessel, immediately on his arrival in port, shall take the whole of his letters to the Post-Office, under penalty of L.200, and the captain must sign a declaration that every letter has been so delivered, before his vessel can be permitted to report to the Custom-house.

Vessels to and from Ireland, or Coastwise, are not allowed to convey letters, under a heavy penalty.

SEAMEN AND SOLDIERS' Letters are forwarded to the East Indies and New South Wales, on payment of One Penny at the time of putting in; and Letters from the East Indies are chargeable with One penny, or Three Pence, according to circumstances; to Places Abroad, where there are no regular Packets, on payment of Three Pence.

Seamen and Soldiers can send and receive Single Letters on their own private concerns only, for One Penny (within any part to and from which there are regular Mails,) to be paid when put into the Post Office. The name of the Soldier or Sailor, his Class or Description, and the name of the Ship or Regiment, must be given by himself, and the Officer having the command must sign his name, and the name of the Ship or Regiment to which he belongs.

NEWSPAPERS, and other printed publications liable to the Stamp Duties, may be sent to any of his Majesty's Colonies or Possessions beyond seas by the packet boats, upon the payment of one penny halfpenny for every such paper, *such payment to be made at the time the paper is put into the Post office*, provided the same be sent in covers open at the sides, and be put into the Post-Office in any town of Great Britain or Ireland, on any day *within seven days of the day on which the same shall be published*, such day to be ascertained by the date of the paper.

If any papers intended to be sent from Great Britain and Ireland, which are liable to the stamp duties, are not duly stamped, such papers are to be stopped, and transmitted to the Commissioners of Stamps.

NEWSPAPERS printed in the British Colonies and brought to Great Britain and Ireland *by packets, or by private ships*, in covers open at the sides, will be charged with a postage of *three pence* upon each paper.

And if any other paper or thing whatsoever be enclosed or concealed in such printed papers, or there shall be any writing other than the superscription upon such papers or their covers, they will be charged with treble the postage of a letter.

BANK NOTES AND DRAFTS.—Persons wishing to send bank notes or drafts by post, are advised to cut such notes or drafts in halves, and send them at two different times, waiting till the receipt of one half is acknowledged before the other is sent.

MONEY, RINGS, OR LOCKETS, &c.—When money, rings, or lockets, &c. are sent by the post from Edinburgh, particular care should be taken to deliver the same to the Clerk, at the window at the General Post-Office; and when any such letter is to be sent from the country, it should be delivered into the hands of the Postmaster; but it is to be observed, that this office does not engage to ensure the party from loss.

REGULATIONS FOR THE HACKNEY-COACHES OF EDINBURGH.

It is enacted by the LORD PROVOST and MAGISTRATES of Edinburgh,—

1. That no Carriage shall ply for hire within the City and Suburbs, or Port of Leith, without being approved of and licensed by a Magistrate. Each License shall continue in force for two years only.
2. That each licensed Carriage shall have a number issued for it, which shall be affixed, together with the Owner's name, in legible letters, of a colour different from the Carriage, at least one inch in length, on each door, immediately below the window frame; and the number shall also be distinctly painted on the centre of the back of the Carriage, or on a piece of tin fixed under the back window.
3. That each licensed Carriage shall be always provided with horses in good condition; and the Carriage, including the cushions, steps, springs, blinds, windows, and check strings, as also the harness of the horses, shall always be kept in good order and repair. The Coachman, when driving, shall always keep the check-string in his left hand.
4. That each Coachman shall be cleanly in his person, and conduct himself in a proper, civil, and decorous manner on all occasions.
5. That the Stances shall be South College street, Tron Church, Princes street East and West ends, George street between Hanover and Frederick streets, Queen street East and West ends, and Union place, or at such other places as may from time to time be appointed. While the Carriages are at the Stances, the Coachmen shall either sit on the box, or stand at the horses' heads.
6. That there shall not be fewer than six Carriages at each Stance every week-day at 9 o'clock A. M. and on Sunday, one-fourth of the Carriages licensed shall attend at each Stance from 10 A. M. to 10 P. M. in rotation of numbers.
7. That, when a Carriage is at a Stance, it shall be held to be disengaged. The Coachman shall not enquire where he is to go previously to being engaged—nor plead a pretended prior engagement—nor draw off the Stance on account thereof, the proof of a real engagement lying with the Coachman. He shall wait, either at taking up or setting down a Party, as long as he shall be required. When a Carriage is engaged, the hour shall be punctually kept, and the arrival immediately announced.
8. That Carriages shall be hired from the Stance nearest the residence of the Party.
9. That all parcels or other articles left in Carriages shall be immediately returned to the Owner if known, or if not known, shall be sent to the Council Chamber.
10. That the fares shall be charged in terms of the annexed Table.
11. That a copy of these Regulations shall be kept by each Coachman; and the Regulations shall be enforced in the Council Chamber, at the instance of the Procurator-Fiscal, by penalties not exceeding One Pound sterling for each offence, or by withdrawing the license. The Proprietor shall be answerable for his Servants.

LOWEST RATES EVER PUBLISHED,

WHETHER FOR A TERM OR FOR THE WHOLE OF LIFE.

The following are selected from the Even Rates :—

Age.	Whole Life.	Seven Years.	Age.	Whole Life.	Seven Years
20	L.1 11 9	L.0 17 1	40	L.2 17 1	L.1 10 8
30	2 2 0	1 2 10	50	4 2 0	2 1 7

ALTERNATIVE.

On Policies for the Whole of Life, one-third of the Premium may be left unpaid, to be deducted from the sum Assured, on a scale equal to interest at 4 per cent.

Thus, at the age of 30, 20 guineas a-year will insure L.1500 in the first instance, to be reduced by L.10, 8s. 5d., if the assured die within the first year; by L.59, 2s. 11d., if he die within the fifth year; and so on according to a scale endorsed on the Policy.

ASCENDING SCALE OF PREMIUM.

Age.	First Seven Years.	Next Seven Years.	Remainder of Life.
20	L.1 1 4	L.1 6 2	L.2 4 7
30	1 8 7	1 15 1	3 0 11
40	1 18 3	2 7 0	4 9 8
50	2 11 11	4 0 11	7 0 3

Thus, a man at 30, instead of L.2, 2s. for every year of life, according to the Even Table, by adopting the Ascending Scale, will pay L.1, 8s. 7. per annum, for the first seven years; L.1, 15s. 1d. per annum, for a further seven years; and L.3, 0s. 11d. for every year of life after.

LIFE DEPARTMENT.

While the Premiums are as moderate as is consistent with security, the Holders of Life Policies are entitled to periodical additions from the surplus Premiums, which may be applied either to increase the sum payable at the death of the Insured, or to reduce the future Payments of Premium. That this is a very substantial advantage will be perceived from the following

TABLE,

Showing the additions made to Life Policies for L.1000, effected in London, or through an Agent in Great Britain, which have been in force for the Fourteen Years ending at Christmas 1830. Proportionate additions have been made to Policies for other Amounts, or which have been in force for shorter periods.

Date of Policy.	Sum assured.	Annual Premium.	Age at Commencement.	Amount that has been added to the Sum assured, payable at the Party's death.
Dec. 25, 1816	L. 1000	L. s. d. 21 15 10	20	L. 230
do.	1000	24 0 10	25	236
do.	1000	26 14 2	30	244
do.	1000	29 18 4	35	256
do.	1000	33 19 2	40	278
do.	1000	38 19 2	45	304
do.	1000	45 6 8	50	340
do.	1000	53 3 4	55	382
do.	1000	63 13 4	60	449

Thus, by the above table, it will be seen, that a person insuring L.1000 at 20 years of age, at the end of 14 years will have paid L.305, 1s. 8d. of Premium; and, were he then to die, his heirs would receive L.1230 instead of L.1000.

These additions will, on comparison, be found AS GREAT AS HAVE BEEN MADE BY ANY OTHER INSURANCE OFFICE WHATEVER.

As to the Rates charged by the Company, it may suffice here to say, that the Tables adopted by the Directors were originally framed upon the sound principles of mathematical computation; and the practice of the Equitable Society has put them to the unerring test of long and extensive experience.

FIRE DEPARTMENT.

The assurance of every species of property from loss or damage by fire is undertaken by the Company on highly favourable terms.

The following are the rates for all policies where the premium exceeds 5s.

Common Risks,	1s. 6d. per cent.
Hazardous ditto,	2s. 6d.
Doubly Hazardous,	4s. 6d.

A payment for rent is made by the Company in case of Loss on Buildings, without any extra premium.

Proposals, fully explanatory of the principles and rates of the Company, may be had at the Company's office, No. 29, Heriot Row, Edinburgh, where all letters on the subject of Assurances may be addressed to the Committee, or to their chairman, Mr Campbell.

These advantages are not exceeded by the terms of even the most favoured establishments either for security or liberality.

This Society has for its basis ECONOMY COMBINED WITH SECURITY,—the terms of Assurances for young and middle-aged lives being much lower than those of any other Office which gives a bonus to the Assured; and a full statement of its affairs is annually made to the Share-holders and Policy-holders, who have a control over the Society.

Three-fourths of the profits are now divided among those Assured on an equitable scale, for the whole term of life, after the Policies shall have been in force four years; and eventually the whole of the profits will be so divided.

Endowments for children are granted, and Assurances on Joint Lives, Survivorships, Survivorship Annuities, as well as every species of Life contingency, at rates proportional to the nature of the risks, which are as low as possible compatible with security to the Assured.

Assurances are also effected, either by paying small Premiums at first; and increasing them every five years, or by paying a high Premium at first, subject to periodical abatements, and, ultimately, the payments to cease altogether. In fine, persons may be Assured in any way which may be best adapted to their circumstances or wishes.

Medical Referees are appointed in most cities and large towns, and Agents in many, from whom information may be obtained and Prospectuses had.

This Company is so constituted as to meet the views of all classes of Insurers. By one Table of Premiums, the precise sum required is secured on the death of the party at the lowest possible rate of Premium consistent with security; and, by another Table, the Insured possess the valuable advantage of participating in the Profits, or Savings, to the extent of two-thirds. Those insuring on this plan are exempt from all the liabilities to which they are exposed in Mutual Assurance Societies; while, at the same time, the benefit attaching to such societies is amply secured to them. The particulars and principles of this Institution are fully detailed in the Prospectus of the Company, copies of which may be had at the head office, and of the Company's Agents in the principal towns in Scotland.

This Incorporation divides, Septennially, the whole Profits amongst the Insured, who are guaranteed from responsibility. A return of nine per cent has just been made on all Premiums received from Candlemas 1825 to Candlemas 1832; and this, notwithstanding a more than average amount of Losses during that period.

The business of the Society has been gradually and steadily increasing since the adoption of the present system of dividing the Profits; and as the Losses during the current Seven Years, will not, in all probability, be above an average,—the Assured have reason to anticipate a still more favourable result at the next investigation.

All Town Risks of the First Class,—Dwelling Houses situated in the Country,—and Farm Steadings, are taken as Common Insurances, at 1s. 6d. per cent. At the same rate of Premium, the Stock and Crop on any part of a Farm may be insured in One Sum, WITHOUT THE AVERAGE CLAUSE; and if preferred, the Sum Insured may be allowed to decrease Monthly or Quarterly, whereby a considerable Saving is effected by the Insurer.

OBSERVATIONS.

The principles upon which this Institution is founded have been adopted after a mature investigation of the practice of other Offices, and will be found to combine advantages not hitherto offered by any other Assurance Company having a Subscribed Capital.

The Capital, subscribed by a numerous and respectable Proprietary throughout the Empire, affords security for prompt and certain Indemnity, without the responsibility attaching to Societies for mutual assurance.

The Company are bound, by the Deed of Settlement, to refer all disputed claims (where no fraud is suspected) to the decision of arbitrators, if required by the Assured.

Life Policies of this Society may be sold, transferred, or mortgaged, without any notice being given at the Office; and in all minor articles the utmost liberality will be afforded to the Public, consistently with the security of the Company.

FIRE DEPARTMENT.

The Premiums charged by this Company on the Three ordinary Classes of Fire Insurance are (with certain exceptions) as follow, viz.

1st Class, 1s. 6d. per cent per annum, formerly 2s.	
2d do. 2s. 6d.	3s.
3d do. 4s. 6d.	5s.

Other Risks not falling within the above Classes, may be insured by Special Agreement.

The allowance of 10 per cent, which has been made on the Premiums paid on Policies of seven years' standing, is the surest proof of the unprecedented success of this Institution.

LIFE DEPARTMENT.

Independent of a reduced rate of Premium, as compared with other Offices having a subscribed Capital, Insurers for the whole term of life are entitled, at the end of seven years, to participate in the Profits with the original Subscribers, either by an addition made to the amount of their Policies, or by a reduction of their future Annual Premiums, at the option of the Insurers. The Additions so allowed at the last Septennial Division amounted, on an average, to more than one per cent per annum on the sums insured.

Persons insured in this Office are allowed to pass by sea from one part of the United Kingdom to another; and also in time of peace, to pass in decked vessels or steam-boats, from British to Foreign Ports, between the Texel and Brest (both inclusive), without extra premium, or special leave of the Directors, as is usually required.

No additional premium required from Military Men, unless when called into actual service.

No charge made for Entrance Money or Admission Fees; and none for Policies beyond the cost of the stamp.

Imperial FIRE INSURANCE COMPANY,

SUN-COURT, CORNHILL, AND ST JAMES'S, LONDON.

CAPITAL, £1,200,000.

ALEXANDER GIBSON, and GEORGE GOOLD, of the British Linen Company Bank, Agents for Edinburgh.

The Terms of the IMPERIAL are as reasonable as any in the kingdom; and in case of accident, the utmost liberality may be expected.

Policies may be removed from any other office to the Imperial, without expense to the party insured.

Alexander Gibson and George Goold continue to transact business as agents for the Imperial Life Insurance Company.

Imperial LIFE INSURANCE COMPANY.

CAPITAL, £750,000.

ALEXANDER GIBSON, and GEORGE GOOLD, of the British Linen Company Bank, Agents for Edinburgh.

Persons insuring at this Office will derive two important advantages.—First, The most effectual security is provided for payment of losses. Not only will the premium received upon policies be carefully invested, and accumulated for that purpose, but a capital of Seven Hundred and Fifty Thousand Pounds has been subscribed, to answer any possible deficiency.

Secondly, Upon every policy effected for the whole term of life, the insurer will participate in the profits of the Company, by having periodical additions made to the sums insured to the amount of two-third parts of such clear gains and profits.

At the same time, they will be protected by the ample capital above mentioned, from every chance of loss. Lives insured with the IMPERIAL are allowed to pass by sea from one part of the United Kingdom to another; and also, in time of peace, to pass in King's ships and packets, or other decked vessels, between British ports and such foreign ports as lie between Ostend and Havre-de-Grace, both included, without extra premium, and without being subjected to the inconvenience of applying for the special leave of the Directors, as heretofore required by the usual condition of life policies.

Alexander Gibson and George Goold continue to transact business as Agents for the Imperial Fire Insurance Company.

Assurances are effected by this Society to the extent of L.5000, upon the same sole or joint, or surviving Life or Lives, and are not confined to the profession of the Law, but are open to persons in every station of Life.

At Christmas, 1833, being ten years from the Institution of the Society, and at the end of every seven years from that period, FOUR-FIFTHS of the Profits will be apportioned amongst such of the Assured, for the whole term of Life, as shall have been so assured for the space of three years or upwards, previously to those periods respectively, and for the amounts which shall be so apportioned, equivalent reversionary Sums will be added to their Policies.

If any person should wish to discontinue the payment of his annual Premium, the Directors have power either to purchase his Policy for a sum of money, payable immediately, or, in consideration of its surrender, to grant a new Policy without any further annual Premium, for a sum to be agreed upon, payable at the decease of the Life assured. And the person to whom such new Policy is granted will be entitled, in respect thereof, to participate in the periodical divisions of the profits.

Persons who shall have been insured for the space of two years, in L.1000, or upwards, for the whole continuance of Life, have the power of electing, either from among the Proprietors or from among themselves, two of the four Auditors of the Society.

Parties may arrange to pay their premiums either in a single payment, by annual payment during the whole continuance of the Assurance, or by annual payments during a limited number of years only.

No entrance-money is required; nor any extra Premium on Persons in the Army or Navy, unless in actual service.

Assurances may be effected upon the Lives of Persons residing at a distance from London, by their appearing before a Solicitor in the Country; and the payment of a fine for non-appearance at this Office is then dispensed with.

The Assured are allowed to pass by sea from one part of the United Kingdom to another, to and from the islands of Guernsey, Jersey, Alderney, Sark, and Man; and also, in time of peace, in King's ships, and packet or passage vessels, to and from British and Foreign ports in the English Channel, between the Texel and Brest, both inclusive, without any special leave or license from the Directors.

The sums due on the Policies will be paid within three months after proof of the requisite facts.

The Assured are requested to take notice, that no renewal Premiums are ever received from themselves or their Agents, without printed receipts, signed by two Directors and the Actuary, being issued from this Office.

Attendance is given daily, from Nine o'clock in the morning till Four in the afternoon, at the Office, where the Terms of Assurance may be had, Proposals for effecting Assurances received, and every information respecting the Society obtained.

FOR FIRE, LIVES, AND ANNUITIES.

LIFE DEPARTMENT.

This Company effect Life Insurances on equitable principles, with entire exemption from the liability of partnership.

A Large Capital, subscribed by the Proprietors, forms the security of the assured.

The Premiums may be all paid at once, or in any given number of years, *in the option of the party making the Insurance*; a plan, the advantages of which are strikingly obvious, as it affords an opportunity of securing a certain provision, independent of all after risks from failure in paying the Premium, or of paying a larger Premium, while the means of doing so may be more at command.

Each Policy for Life is entitled to share the Surplus Profits, which are declared every seven years.

All transactions in the Life Department are considered strictly confidential.

Prompt Payment of Claims is made Three Months after proof of Death.

The following rates of Insurance for single Lives are given as specimens from the Tables. The rates for one and Seven years will, it is believed, be found, *on comparison*, very advantageous to the Public, while Insurances for the whole period of Life are equally so, if the benefit to be ultimately derived from a participation of the profits is taken into account.

FIRE DEPARTMENT.

Insurances of every description of Property effected at the usual rates, corresponding to the risk. The practice of this Company has been, for upwards of a century, to return the profits on Policies effected for Seven years. Only Six years' premium and duty are charged, and the Government duty may be paid annually or in one payment.

The Stability and Character of the LONDON UNION SOCIETY have been satisfactorily proved *by the test of upwards of a century*, during which long period claims have been invariably discharged with promptness and liberality.

The large accumulated Capital and Annual Revenue of this Institution, (which, as a Life Assurance Association, is the oldest and most extensive in point of business in Scotland,) enables the Directors to offer the public the full advantages arising from the principle of its constitution, combined with the utmost measure of security.

The great value of the principle of mutual contributionship, or, as it is generally termed, MUTUAL ASSURANCE, on which this Society is founded, is now well known. By the operation of this principle, taken connexion with the careful selection of lives, and an economical management of the Society's business, it is evident that the advantages of Life Assurance are secured to their utmost possible extent. Indeed, they only require to be known and understood to be fully appreciated; and so rapid accordingly has been the growth of this Society, that, during the last fourteen years, the annual revenue has increased from L.2300 to SIXTY FIVE THOUSAND POUNDS STERLING *per annum*, and the accumulated Fund from L.3000 to THREE HUNDRED AND TWENTY THOUSAND POUNDS STERLING; and both are in a state of steady and rapid increase.

The President, Vice-Presidents, Trustees, and Directors, are all personally interested in the Society, and must, in terms of the articles of constitution, be members of more than three years' standing.

The last periodical investigation of the Society's affairs took place at 31st December 1831, when large additions were declared to the Assurances entitled thereto. In order to show the value of the additions made out of the Surplus Fund, the following particulars are given of the claim arising under a Policy open in 1819, if emerging in the current year by the death of the party assured:—

Sum originally Assured,	L.1000	0	0
Vested additions up to 31st December, 1831,	392	6	0
	L.1392	6	0

The Capital of the Company has been fixed under the sanction of an Act of Parliament, at Five Hundred Thousand Pounds Sterling, besides which the Premiums and accumulating interest form a progressively increasing fund, applicable to the purposes of the Institution.

While an undoubted guarantee is thus afforded for the Company's transactions, the Directors are resolved to give every safe encouragement to the extension of the system of Life Assurance, by studying to conduct the business of the Company on the most liberal principles, and by affording all the benefits and accommodations to parties assured with this Company which are granted by any other respectable establishment.

Any party assuring for the whole term of life, has it in his option to enter the class of assured, entitled to participate in the profits of the company. The first division of the profits will be declared in the year 1835, when, from the steady success with which the business of the Company has been carried on, there can be no doubt that large additions will be made to Policies of this Class.

In order to accommodate parties who may desire to secure only a certain fixed sum, payable upon their own decease, or upon the death of any other party in whose life they may have an interest, without having any view to periodical additions to their Policies, the Directors have caused a Table of Reduced Rates of Premiums to be constructed, applicable to this species of business, and parties have accordingly an opportunity of transacting on this basis with the Company, on very favourable terms.

No charge is made on parties assuring under the head of entry-money, admission fee, or otherwise.

Military men are not charged with extra Premium unless called into actual service.

Onerous Assignees to Policies opened by parties on their own lives, when duly admitted by the Company as the holders, will be held to stand in an equally favourable situation as if they had been the parties originally assured.

In cases where money is advanced by the Company by way of Redeemable Annuity, or otherwise in connexion with a life or lives, parties will be entitled on redemption to a Policy of Assurance, to the extent of the whole sum advanced, upon the same beneficial footing as to the rate of Premium, as if they had acquired the same at the date when the transaction was originally entered into.

Every information connected with the business of Life Assurance and Annuities, may be had at the Head Office, No. 21, South St Andrew Street, Edinburgh, or from any of the Company's Agents, who are established in most of the towns in Scotland.

Wine Merchants.

JAMES SCOTT & CO.

WHOLESALE AND RETAIL WINE MERCHANTS, Beg leave to announce to their Friends and the Public, that they have opened those extensive and commodious premises, No. 15, SOUTH ST ANDREW STREET, with a large Stock of

WINES, LIQUEURS, FOREIGN and BRITISH SPIRITS,

the whole of which has been selected with the greatest care by the principal partner (formerly J. SCOTT, *tertius*, of Leith,) whose long experience in the Wine and Spirit Trade, and residence for some time in the Wine Countries, enabled him to make the selection with peculiar advantages.

With the view of cultivating a Family Business, for which the premises and situation are so well adapted, J. S. and Co. have been induced to include MALT LIQUORS and TEAS, the latter of which have been purchased at the India House by an experienced and confidential Agent.

J. S. and Co. are satisfied that every article of their Stock will be found, on trial, of the first quality, according to the prices; and the whole having been purchased with ready money, they are enabled to sell as low as any in the trade.—Cards, with a scale of prices, are ready to be issued.

Edinburgh and Dalkeith Railway.

THE Great Depot of the Edinburgh and Dalkeith Railway, now contains Sir John Hope's Coal, the Marquis of Lothian's Coal, the Edmonstone Coal, and the Arniston Coal, so that all the best kinds of Coal in the country are to be had there. The greater part of the Depot is occupied with the private Store-yards of the Great Coal Proprietors, and the vicinity of these Store-yards to the City is of immense importance to the inhabitants, because the consumer may obtain his Coal *directly* from the Coal Proprietor, whose interest it is that the Coal should be sold in a pure state. The Coal sent to the Railway Depot is carefully selected with the hand, and freed from the coarser parts and the dross; waggon loads are frequently returned from the Depot Stores to the Collieries, as unfit to be sold in that great market, where competition makes character and quality so essential. That refuse is bought at the Coal Hills at a low price by those dealers whose practices deter them from the Railway Depot; they mix it with some better Coal, and sell the whole as the best of its kind.

The Coal Agents, or Merchants, who hold Offices from the Railway Company, have been strictly looked after, and are believed to be very correct in their dealings. They have, however, no Coal-yards attached to their Offices, so that they have not the power, though they had the desire, to mix and adulterate the Coal. They send it, as ordered, directly from the Stores of the Coal Proprietors; and the weight and quality, as compared with the account or invoice sent to the Consumer, are checked by an officer appointed by the Railway Company; and the carters are watched through the narrow streets by one of the Company's constables.

Consumers of Coals should attend to the following directions; they have been published in all the papers, yet very many, especially housekeepers and servants, are paying no attention to them:—

1st, Never receive a cart of Coals without the Certificate of the Railway Company's Weigher. His name is ROBERT GIBB; and if he should be changed, notice shall be given by advertisement.

2dly, Attend to the hour marked in the Certificate, and if more than an hour after that has elapsed before the Coals are delivered, reject them, for the carter may have been disposing of a part of his load.

3dly, Always keep or destroy the Weigher's certificate, for if it remain with the carter, he may use it on the same day a second time, to pass another cart of Coals of inferior weight or quality.

4thly, Any person receiving a cart of Railway Coal may assure himself of its weight and quality, by calling at the Depot, and examining the entry in the Weigher's book, or by writing a note to the Manager of the Railway, mentioning the weight and kind of Coal he had ordered—also the name upon the cart, and the hour of departure contained in the weigher's certificate. The consumer has thus a complete check upon the coal merchant or agent whom he employs, and the coal merchant has an equal check upon the carter.

The respectable coal merchant has a great advantage by supplying his customers from the Stores of the Railway Depot, for he saves the expense of keeping a private Store-yard, and of storing, selecting, and loading; and he can always obtain testimony of the honesty of his dealings.

As a check to overcharges, the prices are occasionally advertised, from returns, furnished by the Store-keepers of the Coal Proprietors. The difference between the Depot price and the price delivered, consists of cartage and agency, which, together, add from 1s. 6d. to 2s. to the Depot price of a cart of coals.

Those who are not acquainted with any Coal Merchant on whom they can depend, may address orders for Coal to the Railway Office, St Leonard's Depot; and these shall be given to respectable Agents for execution.

The Railway Coaches to Dalkeith and Fisherrow depart from St Leonard's Depot, at eight, ten, twelve, two, four, six, and eight o'clock, from the 1st of May till the 1st of October. During the rest of the year the earliest and the latest of the above departures are given up.
